Wooden display pallet with dimensions 800x600x120 mm. The dynamic load capacity of the pallet is +/- 250 kg. Its own weight is 5.7 kg

TECHNICAL DATA

Type	One way pallets, Display pallets
Outside dimension length	800
Outside dimension width	600
Outside dimension height	120
Static load	500
Dynamic load	250
Status	New
Product	new

PRODUCT DESCRIPTION

Wooden display pallet 800x600x120 mm - 2 skids

This wooden display pallet has the dimensions 800x600x120 mm. The dynamic load capacity of the pallet is +/- 250 kg and the static load capacity is +/- 500 kg. The pallet has five top shelves, two intermediate shelves, four bobbins and two bottom shelves. The planks and blocks have a width of 75 mm. The space between the bobbin and the boards is filled by a thickness of 15 mm. The planks are also 15mm thick and the bobbins are 75mm thick. The total volume is 0.0088m 3 .

The wood meets the ISPM15 requirements and is suitable for export outside the EU. This product is Kiln dried, or oven-dried, to reduce the moisture percentage and thus prevent mould. The pallet is equipped with 2 slides and can be approached from 4 sides by means of a pallet truck or forklift.

Moreover, our pallets are super easy to convert into a pallet box, which offers optimal protection to your products. View here the matching extensions 800x600 mm and lids 800x600 mm for this type of pallet.
