PRODUCT DESCRIPTION

Strong wooden chemical CP1 pallet. The dimensions of the CP1 pallet are 1200x1000x138mm. The CP1 chemical pallet is often used for the transport of chemical products and liquid substances within the chemical industry. The solid structure of the pallets allows them to withstand heavy loads with a capacity of 1000kg. NOTE: This is a used item, all used items that we sell are 100% functional. However, the photo that we display on the website does not guarantee the entire batch that we have in stock. The used products that we sell have visible traces of wear. Based on our more than 30 years of experience, we carefully sort and repair used items. When placing your order online you agree to the condition of the used products.
