### PRODUCT DESCRIPTION

The chemical pallet CP2 is a sturdy wooden pallet. The dimensions of the CP2 pallet are 1200x800x138mm. The type CP2 chemical pallet is often used for the transport of chemical products, liquid substances and vessels in the chemical industry. CP2 pallets have a solid structure and can withstand heavy loads. The maximum dynamic load on the pallet is 1000kg. This pallet is also equipped with 3 slides. The pallet has at least 7 top boards, 9 bobbins, 3 intermediate shelves and 3 base skids. This pallet can be used several times with proper care. NOTE: This is a used item, all used items that we sell are 100% functional! However, the photo that we display on the website does not guarantee the entire batch that we have in stock. The used products that we sell have visible user traces and wear is visible. Based on our more than 30 years of experience, we carefully sort and repair used items. Whether the optical and technical condition is sufficient for you is a personal interpretation. If you want to convince yourself that these items meet your requirements, then after

making an appointment by telephone you are very welcome to visit one of our branches to view the selected product. When placing your order online you agree to the condition of the used products.
