PRODUCT DESCRIPTION

Chemical pallets are sturdy wooden pallets. The dimensions of this pallet are 1300x1100x156mm. The chemical pallet is often used for the transport of chemical products, liquid substances and vessels in the chemical industry. The CP7 pallet is especially suitable for transporting bags. These pallets have a solid structure and can withstand heavy loads. The maximum dynamic load on the pallet is 1500 kg. This pallet is also provided with an all-round lower deck. This pallet has a short-term upper deck of 1100 mm. The pallet has an overhang on the left and right through a wing. The pallet has about 11 top shelves, 9 bobbins and 3 intermediate shelves. This pallet can be used several times with proper care. NOTE: This is a used item, all used items that we sell are 100% functional. However, the photo that we display on the website does not guarantee the entire batch that we have in stock. The used products that we sell have visible traces of wear. Based on our more than 30 years of experience, we carefully sort and repair used items. When placing your

order online you agree to the condition of the used products.
