PRODUCT DESCRIPTION

Chemical pallets are sturdy wooden pallets with dimensions of 1140x1140x156mm. The chemical pallet is often used for the transport of chemical products, liquid substances and vessels in the chemical industry. The CP9 pallets are mainly used for transporting barrels and big-bags. These pallets have a solid structure and can withstand heavy loads. The maximum load capacity of the pallet is 1500kg. This pallet is also provided with an all-round lower deck. The pallet has 9 top boards, 9 bobbins and 3 intermediate shelves. This pallet can be used several times with proper care. NOTE: This is a used item, all used items that we sell are 100% functional. However, the photo that we display on the website does not guarantee the entire batch that we have in stock. The used products that we sell have visible traces of wear. Based on our more than 30 years of experience, we carefully sort and repair used items. When placing your order online you agree to the condition of the used products.
