PRODUCT DESCRIPTION

New Chemical Pallet - 1140x760x138mm

This CP5 chemical pallet has the dimensions 1140x760x138mm and is made of sturdy wood. This type of pallet is specifically used in the transport of chemical products, liquids and drums in the chemical industry. The CP5 pallets are resistant to heavy loads and have a solid structure. The maximum load capacity of the pallet is 1000 kilograms. The 3 skid pallet has at least seven top boards, nine bobbins, three intermediate boards and three base boards. This chemical industry pallet can be used several times with good care!
