PRODUCT DESCRIPTION

Wood display pallet 800x600x120mm

One-time light disposable wooden pallet is provided with a ISPM 15 treatment and kiln dried back to a moisture content of < 25%. The dimensions are 800x600x120mm. Usually used widely used in the export and to present products directly in a store. The pallet has a load capacity of Approximately 250 kilograms. The pallet is made of Central European spruce wood. Despite what the name suggests, a single pallet can be used longer with proper care and handling of it.
