### PRODUCT DESCRIPTION

## Wooden display pallet 800x600x120 mm - 2 skids

This wooden display pallet has the dimensions 800x600x120 mm. The dynamic load capacity of the pallet is +/- 250 kg and the static load capacity is +/- 500 kg. The pallet has five top shelves, two intermediate shelves, four bobbins and two bottom shelves. The planks and blocks have a width of 75 mm. The space between the bobbin and the boards is filled by a thickness of 15 mm. The planks are also 15mm thick and the bobbins are 75mm thick. The total volume is 0.0088m<sup>3</sup>.

The wood meets the ISPM15 requirements and is suitable for export outside the EU. This product is Kiln dried, or oven-dried, to reduce the moisture percentage and thus prevent mould. The pallet is equipped with 2 slides and can be approached from 4 sides by means of a pallet

truck or forklift.

Moreover, our pallets are super easy to convert into a pallet box, which offers optimal protection to your products. View here the matching extensions 800x600 mm and lids 800x600 mm for this type of pallet.
