Product	new
Type	Spill pallets

PRODUCT DESCRIPTION

Plastic drip grid 1190x780x40mm - MDPE, 220 leak holes

Plastic drip grid (1190x780x40mm), specially designed for article 20211 in the colour yellow. The grill is equipped with no less than 220 leak holes with a diameter of 25mm, making it an excellent solution for collecting liquids. In addition, the grid is suitable for safely placing barrels and drums. Made of high-quality MDPE (Medium-Density Polyethylene) plastic, this grid complies with international regulations for safety and quality.

With a weight of 14kg and a maximum carrying capacity of 210kg, this model is sturdy and reliable. The non-slip design provides extra safety during use. In addition, this grid is very easy to clean, which makes its maintenance easy.

Whether you work in a factory, warehouse, workshop or other environment, this loose grid is an essential accessory for efficiently collecting liquids and safely placing barrels and drums. Rely on the durability, functionality and compliance of this roster to meet your childcare needs.
