### PRODUCT DESCRIPTION

#### Plastic drip grid 795x395x25mm - MDPE, 63 leak holes

Plastic drip grid 795x395x25mm, in the colour yellow. This specially designed grid with 63 drip holes of 25mm diameter offers an excellent solution for collecting liquids. In addition, this model is perfectly suited for the safe placement of barrels and drums. It can also be used in combination with our drip tray (SKU) 20231. Made of high-quality MDPE (Medium-Density Polyethylene) plastic, it meets international safety and quality standards.

With a weight of only 4.5kg and a maximum load capacity of 50kg, this grid is both sturdy and reliable. The design provides additional safety during use while being easy to clean for trouble-free maintenance.

Our plastic drip grid is an indispensable accessory for efficiently collecting liquids and safely placing barrels and drums in factories, warehouses, workshops and other environments. Rely on the durability, functionality and compliance of this high-quality product to meet all your childcare needs.
