PRODUCT DESCRIPTION

Plastic drip grid 990x590x40mm - MDPE, 132 leak holes

High-quality plastic drip grid with dimensions 990x590x40mm. This grille is specially designed for use with our drip tray (SKU) 20260 in a striking yellow colour. It features an impressive number of 132 leak holes with a diameter of 25mm, making it an excellent solution for reliably collecting liquids. In addition, this product is perfectly suited for the safe and stable placement of barrels and drums.

Made of durable MDPE (Medium-Density Polyethylene) plastic, this model meets strict international safety and quality standards. With a weight of 9kg and a maximum load capacity of 200kg, this model is sturdy and reliable, allowing it to be used for a long time and efficiently. The non-slip design provides extra safety during use, while the maintenance of this grille is easy thanks to its easy-to-clean properties.

Whether you work in a factory, warehouse, workshop or any other environment, this plastic drip grid is an indispensable accessory for effectively collecting liquids and safely placing barrels and drums. Rely on the durability, functionality and compliance of this high-quality roster to meet all your childcare needs and ensure a safe work environment.
