

Drip tray Set - Includes Pallet, Trolley and Ramp - 100L

SKU 20265

Store your storage barrels quickly, safely and without risk of leakage with this mobile drip tray set, which comes complete with pallet, trolley and ramp.

TECHNICAL DATA

Outside dimension length	1280
Outside dimension width	820
Outside dimension height	310
Dynamic load	300
Material	PE
Status	New
Product	new
Type	Spill pallets

PRODUCT DESCRIPTION

Drip Tray Set - 1280x820x310mm - 100 Litre Capacity

No more waste due to leakage! You can move this mobile drip tray on the trolley to any desired location in the warehouse, where harmful substances such as alkalis and acids can be efficiently collected. Barrels are easily stacked with the enclosed mobile ramp, which is wide enough for most hand trucks and features a non-slip surface.

This drip tray, made of high-quality PE/Polyethylene, weighs 5kg, measures 1280 x 820 x 310mm and has a collection capacity of 100 litres. The enclosed pallet weighs 17kg, has dimensions of 1200 x 800 x 150mm and has a maximum static load capacity of 5000kg, with a dynamic load capacity of up to 800kg. The pallet is also made of

polyethylene.

As can be seen from the product photos, the drip tray is additionally reinforced by means of a double layer in the corners of the outer wall, which is secured by nails. This makes the drip tray extra sturdy and more resistant to fall damage from above.

The enclosed steel trolley measures 810 x 610 x 175mm, weighs 12kg and has a maximum load capacity of 300kg. The handle of the trolley is 660 x 790mm and weighs 1.8kg. The handle can be removed from the trolley, so that it can be stored in a space-saving manner.

The dimensions of the ramp are 1200 x 800 x 310mm and it is made of PE/Polyethylene. The ramp weighs 15kg, is completely resistant to chemical liquids and has a non-slip surface, making it extra safe to use.

The total weight of the set is 51kg.

The parts can also be ordered separately:

#20860 drip tray with pallet : 1280 x 820 x 160mm, pallet: 1200 x 800 x 150mm

#20859 ramp 310mm height : 1200 x 800 x 310mm

#20862 steel trolley : 1280 x 820 x 175mm, handle 660 x 790mm

Drip trays are an important part when working with hazardous or toxic substances, for example in the chemical or pharmaceutical industry.
