Outside dimension length	1200
Outside dimension width	800
Outside dimension height	153
Static load	2500
Dynamic load	1000
Material	HDPE
Status	New
Product	new
Type	Export pallets

PRODUCT DESCRIPTION

Plastic pallet 1200x800x153 mm - PE-PP Mix

This black pallet of 1200x800x153 mm has a dynamic loading capacity of 1000kg. With a weight of only 4.5 kg, this plastic pallet is light and easy to handle. The raised edge reduces the chance of loads sliding off, making for safer storage and transport. Because this plastic pallet is nestable, a lot of space can be saved during storage and transport.

Plastic type of pallet

This pallet is made of PE-PP plastic, making it suitable for wet environments as well. The temperature range of this plastic is between -40 °C and +70 °C.

Accessories for Euro pallets

Our pallets can easily be converted into pallet boxes and for optimal protection of your products.
