Static load	7000
Dynamic load	1600
Racking load	900
Material	HDPE
Status	New
Product	new Pallets With Closed Deck, Pallets for high rack
Type	

PRODUCT DESCRIPTION

Plastic Pallet 1200x1000x145 mm - Recyclate PE-PP Mix

This black plastic pallet, with dimensions of 1200 x 1000 x 145 mm, has a weight of 16.9 kg and a dynamic load capacity of up to 1600 kg. Due to the three skids, reinforced with metal tubes, this pallet can even carry up to 7000 kg static. This makes this pallet perfect for the storage of heavy products. This pallet can also be placed in a rack with a maximum load of 900 kg.

Plastic Material

Made of PE-PP plastic, this pallet is suitable for use in humid environments. The closed upper deck makes thorough cleaning and quick drying easy. The pallet remains functional within a temperature range of -40 °C to +70 °C.

Transport and Storage

With its dimensions of 1200x1000x145mm, this pallet offers optimal use of space during transport and storage.

Accessories for Euro Pallets

Our pallets can easily be transformed into pallet boxes. For the best protection of your products, you can also take a look at our matching collars (1200 x 1000 mm) and plastic lids (1200 x 1000 mm).
