PRODUCT DESCRIPTION

Plastic pallet 1200x1000x160 mm - 3 skids

The plastic pallet with dimensions of 1200x1000x160 mm is ideal for transporting and storing heavy loads. The static load capacity is 7,500kg and the dynamic load 1,500 kg. It is equipped with 3 skids and an open deck floor.

Made of durable plastic that allows you to use the same palette more than once. The safety edges on the pallet mean that, for example, Euro containers or other goods do not slip.

Packaging: 416 pallets, 16 in each stack, stacked on top of each other.
