Outside dimension length	400
Outside dimension width	300
Outside dimension height	300
Product	used, for rent
Type	Distribution boxes, Boxes with lid

PRODUCT DESCRIPTION

Hygienic distribution container - 400x300x300mm

High quality plastic container for distribution of goods, requiring hygienic environment during transportation. The nested design of the plastic box allows stacking when the container is loaded and has a closed lid. Empty containers can be stacked 1 in 2 to save space in transport and storage. Capacity 25 Litres.

Maximum tightness, track & trace with RFID reader

Because of its sturdy construction, the container provides maximum airtightness. Special holes in the integrated lids provide the possibility of sealing the container for transport. Integrated label with RFID code gives the possibility of full traceability of each container by special readers.

Hygienic, clean and safe

This highly hygienic transport container is a great solution for the medical and pharmaceutical industries. Is ideally suited for transporting medicines, pharmaceutical products and anywhere where increased hygiene is required during transport. Used in hospitals, nursing homes and pharmaceutical companies. The container is designed for an automatic cleaning process after each use.
