PRODUCT DESCRIPTION

New wooden stacking frame - 1200x800x200mm - 2 shelves

New wooden stacking frame consisting of two boards. The edge retainer is made of two boards that are connected by a hinge galvanized. Thus the structure edge can be easily put down and removed. In addition, the set-up edges can be folded in by means of the hinges. Collapsed collars take considerably less space.

The set-up edges are extremely suitable for the storage of small loose products. The wood ISPM15 also treated by Heat Treatment, thus immediately ready for export outside the EU. Size of the collars is 1200x800x200mm.
