### PRODUCT DESCRIPTION

This used roll container has the outside dimensions 800x680x1670mm and the inside dimensions 800x720x1470mm. The roll container has a wooden base reinforced with metal corners and two metal clamping gates. The wooden floor consists of three upper planks of Northern European pine, 2 upper planks of hardwood and 2 lower planks of Northern European pine. The clamping gates are hot-dip galvanized and the wheels are made of polypropylene. The weight is 24 kilograms and the roll container has a maximum load of 450 kilograms, making it suitable for light carrying loads. The wheels have a temperature range of -20 ° C / + 60 ° C. In addition, the roll container has two castors and two fixed castors. NOTE: This is a used item, all used items that we sell are 100% functional. However, the photo that we display on the website does not guarantee the entire batch that we have in stock. The used products that we sell have visible traces of wear. Based on our more than 30 years of experience, we carefully sort and repair used items. When placing your order online you agree to the condition of the used products.
