### PRODUCT DESCRIPTION

Used Danish plant container trolley is made with a hot-dip galvanized steel frame and 3 shelves of water-resistant plywood with a galvanized metal edge. The outer dimensions are 1350x565x1900mm and the internal dimensions of the base are 1270x540mm, measured between the posts and the raised edge of the base. The weight is 37kg which includes the base, 4 uprights and 3 shelves. This trolley is suitable for displaying or storing products, the plate spacing can be changed from 5

to 180cm so that the height between the plants can be adjusted to requirement. The wheels of the Danish trolley have a wheelbase of 125mm with a PA plastic tread and a steel frame. The wheel revolves around a needle bearing. The plant container is regularly referred to as the Danish trolley or flower trolley and we deliver this trolley as standard with 3 shelves of 5-layer waterproof plywood, of which, more shelves can be ordered separately. The Danish plant trolley is designed in such a way that specific requirements according to horticulture are met. Size, weight, stackability and quality have been considered here. The metal parts are galvanized and the wood of the shelves is 5-layer water-resistant plywood. The flower trolley is known for its easy and user-friendly manoeuvrability and is easy to transport because it is fully collapsible. Size, weight, stackability and quality have been considered here. The large flower trolley or plant container trolley is very popular within the Horticulture sector, especially with Garden Centres and Nurseries that are moving large quantities of flowers and plants on a daily basis. The flower trolley shelves can be set at different levels depending on the flowers and plants that are being stored. The plant container trolley is also very useful as a flower display trolley so that customers can easily see your stock. NOTE: This is a used item, all used items that we sell are 100% functional! However, the photo that we display on the website does not guarantee the entire batch that we have in stock. The used products that we sell have visible signs of wear and wear. Based on our more than 30 years of experience, we carefully sort and repair used items. Whether the optical and technical condition is sufficient for you is a personal interpretation. If you want to convince yourself that these items meet your wishes, you are welcome to visit one of our locations to view the selected product after making an appointment by telephone. By placing your order online you agree with the condition of the used products.
