**PRODUCT DESCRIPTION**

**Lockable anti-burglary roll container - 1200mmx800mmx1870mm**

Large and easy-to-use roll container that is fully galvanized. It has 2 swivel castors and 2 fixed castors. Two side walls opened on the longer side of the roll container enable convenient loading and unloading of goods. The sides and bottom of the roll container are made of a durable mesh with 50mmx50mm mesh.

## Durable design, large capacity

This anti-burglary mesh trolley has a dynamic load capacity of 400 kg and, thanks to the standard base dimensions of 1200x800mm, ensures optimal use of the loading space. Easy to maneuver and operate. Static load capacity 600 kg. ideal for transporting products in [plastic distribution containers](#)
