PRODUCT DESCRIPTION

This order picking trolley measures 1143x628x1805mm and comes with two aluminium shelves, for extra storage options. The unit weight is 67.5 kg and the maximum load capacity of the container is 450kg. The maximum load capacity per shelf is approximately 100kg. The roll container has 3 steps with an anti-slip layer and streak-free rubber feet. When the steps are not in use, they are held in place with a pin. The roll container also has castors (incl. Brakes) with a diameter of 125mm and rubber edges to prevent scratches in the event of a collision. The two handles consist of high-quality plastic, which the dimensions are 300mm. In addition, the roll container has a blank plate with space for a safety sticker (127 x 252mm).
