PRODUCT DESCRIPTION

Lockable security roll container - 850x735x1690mm

Practical and convenient to use roll container. Roll container has quiet rubber wheels with a diameter of 125mm: 2 fixed wheels and 2 swivel wheels with a brake. The loading capacity is 350kg. Internal dimensions: 815x680x1425mm. The rolling container is fully enclosed and can be sealed for transportation.

Strong nested design, space saving

This anti-burglary mesh cart has a nested design. This means you can fold the roll container and slide one into the other to save space when storing empty roll containers.

This is a very popular model, rented most often for removals for transporting documents or for transporting valuable rovars that need to be additionally secured in transit.
