Status	New
Outside dimension length	615
Outside dimension width	415
Outside dimension height	175
Carry weight	250
Bottom	Plastic
Product	new, for rent
Type	Dolly

PRODUCT DESCRIPTION

Lightweight blue plastic dolly has a gridded base and a weight of 3.9kg. This dolly is suitable for Euro stacking boxes with dimensions of 600x400mm. 2 boxes of 400x300mm or 4 boxes of 300x200mm can also be placed per layer.

The dolly is extra manoeuvrable and stable thanks to the 100mm swivel wheels, consisting of a PP rim and sound-proofing TPR tread. This makes it extra easy to manoeuvre in a narrow corridor or tight space, without leaving marks on the floor. Cheap and extremely strong with long service life. The wheels have a temperature range of -6°C to +80°C.

Empty dollies can be stacked to save space.
