PRODUCT DESCRIPTION

The 4 sided roll cage with a nestable A-Frame design and front opening gate. The roll cage can easily be nested to save space in storage and during transport when not in use. The base and side walls are all fitted with a 50x50mm mesh infill. The roll container has grab handles to make it easy to manoeuvre and also come with an integral shelf so you can split the storage of products. The rolling container has 2 fixed and 2 swivel castors, all fitted with 125mm White PP wheels. The weight of the roll cage is 54kg.
