PRODUCT DESCRIPTION

New collapsible retail / display trolley 1000x610x1040mm

This folding metal retail / display roll container has the outside dimensions and the inner 1000x610x1040mm sizes are 960x580x870mm. The metal is electrolytically galvanized. The grid has the dimensions 100x40mm. The display roll container is provided with 4 boutgatwielen with a PP core and a TPR of the tread is 100mm diameter with a load capacity of approximately 200 kg, it is a strong thread container for this format. This folding retail / display roll container is provided with two windows which is hinged tailboards of which one on the long side and one that also serves as a lid afsluibare. As the trolley is collapsible you can save a lot of space during return transport or if they are in storage when not in use because they are very narrow. This wire containers are used inter alia in the retail industry for presenting items like balls, sale items, beach items or during the seasons of Christmas and Santa Claus for presenting sweets and decoration material. The trolley has a practical design and is highly resistant to damage.
