PRODUCT DESCRIPTION

125mm braked castors with ball bearings - PA / Rubber

A very strong and very good soundproofing wheel brake for rolling containers which has a load capacity of 200kg and thus suitable for heavy loads. This swivel wheel with brake has a self-weight of 1.3 kg is made of a PA plastic core having a tread of rubber. Overall a distinctive swivel wheel with a diameter of 125mm which does not leave marks on your surface is very good sound deadening and more driving comfort than other wheels. Thanks to the material of the wheel, a running surface of gray rubber, it is practically usable on all surfaces, absorbs sound and comfortable. The wheel is adapted for use in a refrigerator, but not frozen. The bearing of the wheel is a ball bearing.

Temperature range in which the wheel can be used is -16 & deg; C to +80 & deg; C The hole pattern has dimensions 80x60mm, provided with holes for bolts 9 mm. NOTE: Maximum load capacity of four wheels is however approximately 600kg frame of the cart must also be suitable for 600kg
