PRODUCT DESCRIPTION

100mm castors with ball bearings - PA / Rubber

An extra strong and very good sound-damping caster for rolling containers, flight cases or DJ-piece of furniture. The wheel has a load capacity of 160kg and is thus suitable for medium loads. The caster wheel has a net weight of 0.8kg is made of a PA plastic core having a tread of rubber. Overall a distinctive swivel wheel with a diameter of 100mm which does not leave marks on your surface is very good soundproofing and offers more comfort. Thanks to the material of the wheel, a rubber tread of blue, it is practically usable on all surfaces, absorbs sound and comfortable. This wheel can be used include for example your flight case DJ furniture, roll container or dolly. The wheel is
