### PRODUCT DESCRIPTION

## 125mm castors with ball bearings - PA / Rubber

A very strong and very good sound dampening wheel carts which has a load capacity of 200kg and thus suitable for heavy loads. The caster wheel has a net weight of 1.1kg is made of a PA plastic core having a tread of rubber. Overall a distinctive swivel wheel with a diameter of 125mm which does not leave marks on your surface is very good sound deadening and more driving comfort than other wheels. Thanks to the material of the wheel, a running surface of gray rubber, it is practically usable on all surfaces, absorbs sound and comfortable. The wheel is adapted for use in a refrigerator, but not frozen. The bearing of the wheel is a ball bearing. Temperature range in which the wheel can be used is -16 & deg; C to + 80 & deg; C The hole pattern has dimensions
