## PRODUCT DESCRIPTION

Furniture storage roll container type furniture corlette, with a size of 1300x1150x1800 mm. This roll container is very suitable for furniture storage and transport, but can actually be used for almost all large items with a lot of volume. The roll container is collapsible and therefore space-saving in storage, by nesting it in an L-shape. 3 roll containers can be stacked on top of each other, whereby the lower container can carry a

maximum of 600 kg, or has a load of 600 kg. There is an extra arm at the back for the stability of the goods on the corlette and the bottom of the roll container has a 16 mm thick chipboard. The color of this roll container is RAL 5012 blue. The corlette has 4 castors with a diameter of 100 mm, made of PP (Polypropylene) plastic. One of the wheels has a directional lock, to make driving straight ahead easy, if desired. The furniture storage roll container has its own weight of 68 kg and has a load capacity of 600 kg. If you want to learn more about our corlettes, it might be useful to read our blog with information about the furniture corlette !
