PRODUCT DESCRIPTION

Furniture storage roll container, furniture corlette type, with outer dimensions of 2500x1150x1800 mm and a load capacity of 600 kg. The internal dimensions are 2380x1100x1610 mm. This roll container is very suitable for furniture storage and transport, but can actually be used for almost all large items with a lot of volume. The roll container is collapsible and therefore nestable in an L-shape and therefore space-

saving to store when not in use. It has specially shaped side frames, so that several can be stacked on top of each other. 3 roll containers can be stacked on top of each other, whereby the bottom container can carry a maximum of 600 kg in total, in other words has a maximum load of 600 kg. At the back is an extra retaining bar for the stability of the goods on the corlette. The bottom of the roll container has a chipboard of 16 mm thick. The color of this roll container is RAL 5012 blue and has 4 castor wheels of 100 mm. The wheels are made of PP plastic. One of the wheels has a directional lock, to make driving straight ahead easy, if desired. The furniture storage roll container has a weight of 102 kg.
