PRODUCT DESCRIPTION

Storage roll container, furniture corlette type with a size of 2000 x 1150 x 1850 mm. The internal dimensions are 1920 x 1100 x 1615 mm. These roll containers are suitable for transport in a standard sized truck, where they can be placed 2 by 2 in width against each other for extra stability. Furthermore, they are very suitable for furniture storage and transport or for storing and transporting other large items. The container has a

mesh wall with holes of 50 x 100 mm and has specially shaped side frames, so that several can be stacked on top of each other. A maximum of three pieces can be stacked, with the lower container carrying a maximum of 1000 kg. The bottom of the roll container has a 16 mm thick chipboard and is fitted with 125 mm diameter plastic Polyamide (PA) castors. The storage roll container is collapsible and nestable in an L-shape, so it takes up little space when not in use. The own weight of the container is 119 kg. If you want to learn more about our corlettes, it might be useful to read our blog with information about the furniture corlette !
