PRODUCT DESCRIPTION

Storage roll container, furniture corlette type with a size of 2400 x 1150 x 1850 mm. The internal dimensions are 2320 x 1100 x 1615 mm. This roll container is very suitable for the storage and transport of furniture or other large items. The container has a mesh wall with holes of 50 x 100 mm. The roll container has specially shaped side frames, so that several can be stacked on top of each other. A maximum of three pieces can be

stacked, with the lower container carrying a maximum of 1000 kg. The bottom of the roll container has a chipboard of 16 mm thickness and is fitted with 125 mm plastic Polyamide (PA) castors. The storage roll container is collapsible and nestable in an L-shape, making it space-saving to store when not in use. The own weight of the container is 134 kg.
