### PRODUCT DESCRIPTION

## Solid stacking 400x300x190mm - nestable and stackable

This strong stacking tray is very suitable for sorting of small, loose goods. The dimensions of the container are 400x300x190mm. The weight of this stacking is 1kg. Originally, these storage bins were used for sorting letters and mail but nowadays these containers typically used in the industry. This sturdy stacking bins have a good nesting ratio, to be ergonomic in use and space saving.
