Height mm	under 200
Status	New
Outside dimension length	1200
Outside dimension width	800
Outside dimension height	200
Type	Plastic collars
Product	new, for rent

PRODUCT DESCRIPTION

Collapsible plastic top frame for pallets. The dimensions of the add-on collar are 1200x800x200mm. Made entirely from high-quality PE Plastic. The pallet collar has 6 hinges, which makes them foldable when they are not being used. This pallet stacking edge with 6 hinges is extra space-saving in the longitudinal direction compared to the pallet stacking edge with 4 hinges because now there is no longer any question of an overhang and they fit well when folded into a Euro-sized pallet. Easy to use and very handy.
