PRODUCT DESCRIPTION

Euro standard box divider - 15 compartments

With this compartment divider for Euro containers, you can make a catering crate or glass crate with 15 compartments from your Euro container in no time. The compartments have an outer dimension of 584x353x120mm and the compartments have a size of 105x114mm. The compartment divider weighs 0.77kg and is made of Virgin PP plastic. Therefore, the compartments are suitable and certified for use in the food industry.

The compartment divider consists of 2 parts, a top and a bottom. Two handles are attached to the top. The divider can only be used with our type I Euronorm containers of 600x400mm higher than 120mm.
