PRODUCT DESCRIPTION

This sturdy folding crate comes from our latest series of folding crates and is made from high-quality PP plastic. The outside dimensions of this crate are 600x400x185mm. The inside dimensions of the crate are 576x376x176mm with a capacity of 39 litres. The crate has a weight of 1.72kg. The carrying capacity of this folding crate is 18kg. The crate has a closed bottom and perforated sidewalls. All folding crates from this series have been developed with an eye for extra safety, hygiene, durability and efficiency. Think of the ergonomic handles, secure snap fasteners but certainly also extra content because of the specially made grids in the side walls. You can stack the crates up to 10 pieces high, to a combined stacking weight of approximately 200 kg. One VPE is 375 crates.
