### PRODUCT DESCRIPTION

## Plastic distribution container - 600x400x365mm

High quality plastic container for transporting goods. Capacity of 65 Litres. Made of durable plastic offers a considerable amount of space. Sections for labels located on the shorter sides

### Nested design, integrated lid

The nested design of the plastic container allows for stacking when the container is loaded and has the lid closed. Empty containers can be stacked 1-in-2 - nested - to save space in transport and storage.

## Ideal for transporting small valuables during a move

This plastic container is great for moving in offices, libraries, warehouses or schools. Thanks to the lid, it provides greater security for the goods. It is dustproof and light-proof. The container can be sealed for transport
