RL-KLT 4147 Stacking Box - 396x297x147.5mm - 17.35 Liters - Closed

SKU 66152

RL-KLT 4147 plastic storage bin is an extra strong bin with reinforced walls and a smooth bottom with 8 holes. This makes it extremely suitable for the heavier industry such as the automotive / automobile industry. The outside dimensions are 396x297x147.5mm.

TECHNICAL DATA

Status	New
Inside dimension lenght	345
Inside dimension width	260
Inside dimension height	129,5
Outside dimension lenght	396
Outside dimension width	297
Outside dimension height	147,5
Volume	17,35
Product	new, for rent
Type	KLT boxes

PRODUCT DESCRIPTION

RL-KLT 4147 plastic storage bin is an extra strong bin with reinforced walls and a smooth bottom with 8 holes. This makes it extremely suitable for the heavier industry such as the automotive / automobile industry. The outside dimensions are 396x297x147.5mm and the inside dimensions are 345x260x129.5mm according to VDA standard. The capacity of this RL-KLT 4147 stacking bin is 17.35 liters. The vertical ribs on the walls make this RL-KLT 4147 stacking bin more robust than regular Euro standard stacking bins and makes it easy to grab and pull in automated logistics systems. The RL-KLT 4147 stacking bin has a smooth bottom and is therefore easy to clean, stackable and on one long side the bin is provided with a label holder For transport and storage, it is

the most efficient way to place 136 RL-KLT 4147 stacking containers on 1 pallet of 1200x800x2550mm. This way 4080 pieces fit in a trailer.
