PRODUCT DESCRIPTION

R-KLT 4315 stacking bin made of plastic is the extra reinforced variant of R-KLT 4147, it has a reinforced bottom with legs. This makes it extremely suitable for the heavier industry such as the automotive / automobile industry. The outside dimensions are 396x297x147.5mm and the inside dimensions are 345x260x129.5mm according to VDA standard. The capacity of this R-KLT 4315 stacking bin is 17.35 liters. The vertical ribs on the walls and the reinforced bottom with legs makes this R-KLT 4315 stacking bin stronger than regular Euro standard stacking bins. With this bottom, this KLT container is easy to grasp and pull into automated logistics systems. The R-KLT 4315 stacking bin has a smooth bottom on the inside and is therefore easy to clean. The bin is
