Outside dimension length	1030
Outside dimension width	600
Outside dimension height	980
Dynamic load	250
Product	used, for rent
Type	Industrial palletboxes

PRODUCT DESCRIPTION

Plastic crate on wheels 1030x600x980mm

Plastic crate of very solid construction, equipped with four rubber wheel sets. All wheels are swivel and thus allow very easy maneuvering of the crate in a small space. All walls are solid and smooth on the inside - making it easy to load and at the same time keep the crate clean. Load capacity is 250kg and the capacity is 400 liters.

Bunking crates

Thanks to its design and the appropriate location of the wheels, the crates can be stacked, that is, they can be stacked on top of each other up to a maximum of 2 pieces (1+1)

Ideal for transportation during a move

This mobile plastic crate is a great solution during removals in offices, libraries, warehouses or schools for transporting larger items such as paintings or larger electronic equipment, as well as for items with irregular shapes.
