Outside dimension width	310
Outside dimension height	620
Volume	60
Product	new
Type	Plastic Barrels

PRODUCT DESCRIPTION

Blue barrel with a capacity of 60L. The dimensions are 390x310x620 mm. The plastic storage barrel is made of blue virgin HDPE material and equipped with two handles. The lid is removable and is closed by a steel clamping ring. This hoop is made of galvanized sheet iron. The weight of the barrel is 2 kg and the weight of the lid is 0.4 kg. The weight of the steel clamping ring is 60 grams. A total of 3 Blue barrels of plastics can be stacked on top of each other. The wide-necked barrel is waterproof and suitable for various liquids. However, this sturdy plastic barrel can also be used for storing, for example, fertilizers, seeds or animal feed! Do you work in the chemical or pharmaceutical industry where hazardous or toxic substances have to be stored? Then you know better than anyone that leakages are a major risk and that this can have dangerous consequences. By placing this barrel on a drip tray, you prevent health risks for employees, you save money on cleaning costs and you prevent damage to a building or to equipment.
