

Scissor Pallet Truck - 1000kg Capacity - Nylon Wheels

SKU 71125

This scissor pallet truck is equipped with nylon wheels, has a fast lift and is ideal for internal pallet transport. The maximum load capacity of this truck is 1000kg. The forks are 1150mm long and 550mm wide. The curb weight is 104kg. The lowering speed slows down automatically. The truck is operated manually.

TECHNICAL DATA

Product	new
Status	New
Outside dimension length	1150
Outside dimension width	550
Outside dimension height	85
Carry weight	1000

PRODUCT DESCRIPTION

High capacity scissor pallet truck with nylon wheels. It is ideal for internal pallet transport. The maximum load capacity of this scissor truck is 1000kg. The forks are 1150mm long and 550mm wide. The curb weight of the pump trolley is 104kg. The trolley and load can be raised to a height of 800mm. The scissor pallet truck is manually operated. It combines three devices: a lift truck, a pallet truck and a table lift. The height of the upper part of the forks at the lowest position from the ground is 85mm. Ergonomic handle with built-in lifting system and handle with which the load can be easily lowered. The lowering speed drops automatically when heavy goods are loaded to prevent damage to the load. The telescopic lifter consists of 3 piston rods, which produce light pumping power and provide excellent stability. It also works on technological lines and production lines.
