PRODUCT DESCRIPTION

Aluminum hand truck from the 'folding aluminum hand truck' series from Matador. The overall dimensions of this lightweight hand truck are 488 x 500 x 1070 mm (unfolded) and 488 x 64 x 765 mm (folded). The size of the stitch is 490 x 320 mm. The weight of the hand truck is 4.8 kilograms. The maximum load capacity of this hand truck is 80 kilograms. This hand truck has an aluminum frame and can be folded very compactly. The PU wheels are fitted with ball bearings and fold in automatically. The use of PU combines advantages of flexibility, comfort and durability. The wheels wear less quickly and significantly improve comfort. In addition, the trolley is very manoeuvrable and suitable for intensive use. In addition, the cart can be pushed, which significantly reduces the payload. This handy hand truck is of top quality and easy and light to use, which makes it suitable for many purposes. The hand truck is equipped with an elastic cord.
