PRODUCT DESCRIPTION

This table trolley is made of aluminum and plastic. The dimensions are 1100 x 520 x 950 mm. The push handles are high and the serving trolley has a maximum load capacity of 250 kilograms. The warehouse trolley is made in such a way that each loading surface can carry 125 kilograms. This platform trailer is extra light due to its own weight of 12.5 kilograms. The distance between the platforms is 553 mm. The rubber wheels dampen noise and two of the four wheels have a brake. The table trolley has 2 fixed wheels and 2 swivel wheels. This car is of top quality and is suitable for maneuvering through narrow aisles.
