PRODUCT DESCRIPTION

Versatile and handy roll platform that is made and executed in an innovative way. It is a flat transport cart with handles on the side so that it is easy to lift and can be stored on its side. Effortlessly takes thresholds and curbs up to 8cm. The dimensions of the wheels are 260x85mm, the axle has a diameter of 25mm. The maximum carrying capacity of the super hound is 250kg and the weight of this rolling platform is 26kg. The super hound is made of the 2-layer sandwich plastic tray (ABS / TPS) which makes it extra strong and impact-resistant, the sides have a soft finish and this prevents damage to doors and frames. The rolling platform is equipped with a drawbar of 870mm with 3 positions stepwise and one-hand operation with push-button. Note: The pictures show how the sidebars fit on to the Super Hound, but these are Not Included and need to be purchased separately if you require them. You can purchase the sidebars here. P/N 74365.
