TECHNICAL DATA

Product	new
Material	Aluminium
Status	New
Outside dimension length	790
Outside dimension width	790
Outside dimension height	1370
Carry weight	220

PRODUCT DESCRIPTION

Step work platform "M-Step size" 790x790x1370mm - non-slip aluminium platform staircase

Step work platform 790x790x1370mm for relieving works at height or safe lifting higher than 1.80 m with a maximum of 2.40 m. Equipped with non-slip aluminium plates and very easy to move due to the Ø 100 mm castors with ball bearings.

The dimensions of the first step are 790x790x200 mm, and the second step is 495x495x200mm. The railing that can be held on as well as leaned forward has a size of 550x500x1170 mm. As soon as one step is taken on this staircase, it will immediately be fixed on the ground. The 4 castors are full-length and therefore streak-free and very sound-absorbing.

The weight of the platform ladder M-step is 48kg and the maximum load capacity is 220kg.
