PRODUCT DESCRIPTION

White plastic dolly, also known as a mobile undercarriage or furniture dog, with a closed bottom. Suitable for plastic containers or crates with dimensions of 700 x 445 mm. The maximum load capacity of the transport roller is 150 kilograms. The wheels of this rolling platform have a diameter of 100 mm, are silent and do not leave any marks on the ground surface. Furthermore, this platform trolley has an anti-slip layer so that objects remain better on the platform. The rolling platform is extra lightweight, suitable for intensive use and has an extra large size. In addition, empty dollies can be stacked to save space. This warehouse trolley is of top quality and ideal for internal transport. These and all our other plastic dollies can be fitted with any wheel from our range at your

request , for example with a brake, or suitable for deep-freeze, or both. Matador is a European top brand, produced on Dutch soil. This product is a long-term investment, made for intensive daily use by professionals. Logistiekonline.nl has a wide range of warehouse trolleys. These cars come in all shapes and sizes with their own specific benefits. Would you like to learn more about Matador warehouse trolleys? Read our blog about Matador warehouse trolleys here !
