PRODUCT DESCRIPTION

Lifting platform OPK Matador PR LTW-15 platform 900x600mm - max 300kg

This sharp scissors lift with double scissors Matador has a maximum lift capacity of 300kg. The weight of the scissor table is 120kg. The overall size of the scissor table is 600x1180x900mm. The height varies between 410mm and 1500mm. The size of the platform is 900x600mm. This lifting table meets all the BS and 1570 standards, and is equipped with a hydraulic speed control valve, wheels with foot protection and double brake. Also, this table with scissors clipped a unique descent rate security and prevents sudden collapse at any hose failure.
