PRODUCT DESCRIPTION

Barrel roller 715x715x120mm - for 200L barrels

This drum roller is suitable for the transport of 200 litre drums with a diameter of 500-610mm. The roller has the dimensions 715x715x120mm and a weight of 13.5kg. The loading area is opened underneath and it has a payload of 250kg. The metal frame is painted in the colour RAL 5010 and is therefore rust-resistant. The drum roller is equipped with 4 castors with a diameter of 80mm for optimal transport, 2 of these castors are equipped with a brake. All wheels are made of thermoplastic rubber.
