Outside dimension width	830
Outside dimension height	970
Static load	4000
Dynamic load	1000
Bottom	Wooden
Product	new, for rent
Type	Gitterboxes

### PRODUCT DESCRIPTION

This folding stillage with 2 folding windows on 1 long side has dimensions of 1240x830x970mm and inside dimensions of 1180x780x800mm. The new metal stillages in our range are powder coated RAL 7030. The maximum static load capacity is 4000kg (1 + 3 stacked) and the maximum dynamic load is 1000kg. Because this collapsible stillage can be stacked and collapsed, you can work efficiently with it and save on transport and storage costs. The walls are made of very robust wire construction (international standard Q235 steel wire). Furthermore, this collapsible stillage has removable shelves in the bottom for pressure distribution and for improving the firmness. The

swing door on the front gives you easy access to the products in the gitter box, even if it is stacked. A folding stillage box is easy to transport by pallet vehicles such as forklifts, lifts or pump trucks. Industries in which they are widely used are: automotive, machine parts, electronic devices, food and beverages, chemical industry, production lines and storage.
